September 8, 2021

Dear OEA members,

Our state union, NJEA, has established a fund to assist members in times of crisis. This fund is designed to help those DISPLACED by a disaster such as the latest storm. If you have been displaced permanently (your home is damaged and must be repaired before returning,) then this fund may be for you. Please fill out the Google form as instructed and we will send the information to Uniserve to see if you are eligible. We are accepting applications until Monday, September 13th. [Click here](#) to fill out the application. As always feel free to reach out to us at ANY time of need, we are here for you.

Professionally yours,

OEA Executive Committee
